

The Flow of Prosperity

8 - 14 July 2019

Paros Greece

The Flow of Prosperity is an experience of well being, relaxation and regeneration.

The power of yoga is combined with the exquisiteness of the Greek land. People from different nations come together to spend 7 days practicing and enjoying the beauty of the island of Paros, where the bright white of Cyclades dances with the yellow of the fields and the deep blue of the Aegean Sea.

Natural practice, experienced teachers, healthy food, scenery, people and local traditions contribute to making it a wonderful experience of connection with our self and the group, which will transform to a precious tool of self-awareness and self-regulation.

We shall be guided by Hari Simran Singh Khalsa, who will lovingly share with us the acquired knowledge and the wisdom gained by spending so many years close to his Master Yogi Bhajan, as well as his personal 40-year practice. The program shall be enriched with the participation of other experienced teachers, who are internationally certified. The team in charge of the retreat has been organizing similar events for more than 20 years.

Meditate on your true nature, leave the past behind, change your present and create a better destiny. Close your eyes and meditate on your beauty, open your eyes and enjoy the marvelous landscape and the sea of Paros.

We are waiting for you at Tao's Center, one of the most beautiful and prestigious centers of yoga and meditation in the Mediterranean.

What we are going to do:

- Kundalini Yoga, (pranayama - practice -relaxation - meditation), Yoga Nidra, Yoga nidra, Sat Guru Charan (Foot Reflexology through meditative approach) - Breawalking

(All workshops and classes will be both in English, Italian and Greek).
